"One of the most interesting & courageous spiritual speakers alive in the world today."

"Gary Renard's 'Disappearance of the Universe' book is a refreshing, no-holds-barred course in spirituality that realigned my knee-jerk resistance to text and talk about Jesus. This book had me saying to myself over and over, 'Now that makes sense.' Highly recommended to students of A Course In Miracles, but possibly more valuable to people like me who have been reluctant to read about the Course due to pre-existing notions and flat-out ignorance." -Bob Olson, OfSpirit.com Editor

"The Disappearance of the Universe" is destined to be one of the most significant contributions to spiritual literature in this century. The message in Gary Renard's 'The Disappearance of the Universe' is of great importance to the healing of ourselves and our planet." - Dr. Wayne Dyer
